One-Day Westwater Canyon River Expedition Information & Packing List

On the one-day Westwater Canyon trip, we meet at the NAVTEC office at 7:45 am (Mountain Daylight Time - check your watch.) If you need transportation from your hotel or camp ground to our office on departure morning, notify us the day before and we'll arrange to pick you up. From NAVTEC we will transport you to the put-in, one and a half hours away. Restrooms are available at the put-in. We will be on the river and underway around 10:30 am.

Dress during the hot summer months consists of light, quick-drying clothing. Bathing suits, shorts and t-shirts are fine. Even during the summer we would recommend that you bring a rain coat in case of summer rain showers.

Summer Dress

- light-colored clothing (tends to be cooler during the heat of summer than dark colored clothes)
- swim suit or fast drying shorts
- t-shirt or a long sleeve shirt if your sensitive to the sun
 - tennis shoes or other foot wear that is comfortable when wet and durable
- hat with a visor — a must for sun protection
- sunglasses with securing strap
- sun screen and lip balm
- your own supply of soft drinks, or other beverages (we'll keep them iced and ready!) Waterbottle

Spring & Fall Dress (March, April, early May, Late September, October)

During the spring and fall months when daytime temperatures are below 85 degrees Fahrenheit, it is important to dress warm — especially in the morning. A two piece rain suit is very nice this time of year. It breaks the wind chill and helps keep you dry in the rapids. You wear your life jacket over the top of your rain coat. You can layer up underneath the rain gear for warmth. Some folks like a diving wet suit rather than rain gear. Wet suits can be rented in Moab. You'll want to make advance reservations. We can give you the phone number. We stop after the rapids to give everyone a chance to dry off and get out of their wet clothing and into something

warm and dry. This is for spring and fall trips only.

- good quality two-piece rain suit. Wet suits may be required on some spring and fall trips. Rentals available in Moab. Check with the NAVTEC office for current information.

- something warm to wear (long johns, sweater, polartec...synthetic fibers or wool work best)

- a good warm jacket and a warm hat
- optional: gloves & wet suit booties

On Your Westwater Trip, We will Provide

- snacks and a hearty lunch
- plenty of ice water and lemonade
- waterproof river bag and camera box
- ground transportation from our office to the Westwater launch ramp
- ground transportation from the take-out back to Moab
- Coast Guard approved life jacket
- Licensed professional river guides

Optional Items

- camera and film supplies
- garbage bags for wet cloths. A handful of ziplocks for your more important items.

If you have any questions, please feel free to call us. We look forward to having you with us, and thank you for booking with NAVTEC.
